

# alula™ RE600-5 Five Button Fob Connect+™ Encrypted

The **RE600-5 Five Button Fob** is a portable device used to remotely control a security system. The buttons can be configured to arm, disarm, trigger panic alarms, or control home automation functions.

## Features

- 5 buttons
- Supports button combinations
- Low battery indication
- Secure encrypted wireless transmissions
- 2-year warranty

**Enroll** the Five Button Fob by placing the panel into wireless enrollment mode and pressing the away and stay arming buttons simultaneously. Alternatively, the fob can be enrolled by scanning its bar code using the Connect+ Installer App or by entering its 8-character serial number on the interactive service provider's web portal.

**Operate** by pressing the desired button until the LED illuminates.

### Button Tips

- By default, pressing STAY and AWAY will cause a panic alarm.
- Panic alarms triggered from a fob can not be canceled from the same fob.
- The buttons can be configured in the panel settings to do different things.
- Buttons and button combinations can be used to trigger home automation scenes.

## Pro Tips

**In CE applications**, the fob must be used near the point of exit so that arming can be verified.

**To replace the battery**, remove the screw on the back of the fob and unsnap the back from the cover. Replace the battery and reinstall the cover.

Use the panel installation guide to verify proper system setup.

# Specifications

Physical	
Housing Dimensions	2.2 x 1.5 x .6 inches (5.6 x 3.8 x 1.4 centimeters)
Weight with Battery	0.66 ounces (19 grams)
Environmental	
Operating Temperature	32°F to 120°F (0°C to 49°C)
Maximum Humidity	85% non-condensing relative humidity
Sensor Specifications	
Frequency	433.92 MHz
Replacement Battery	One Panasonic CR2032
Nominal Battery Life	5 Years
Transmitted Indications	Low Battery
Certification	
RE600-5	FCC, IC, RCM, EN 60950-1, EN 300 220, EN 301 489, CE Security Grade 1, CE Environmental Class 2
