Professional Smart Security

Come On In

At your fingertips.
Cameras, lights, locks,
and thermostats just a
click away.

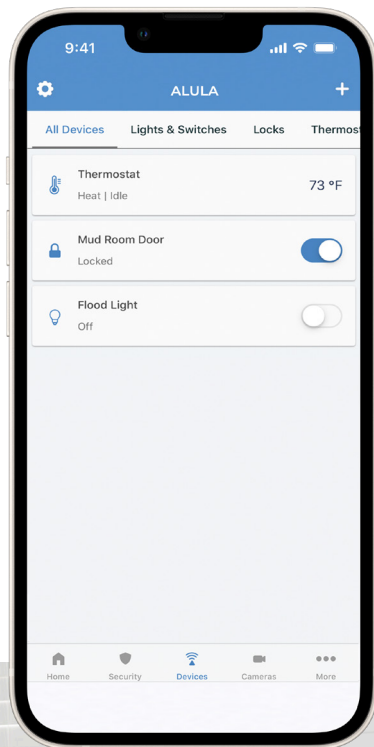

Your home. Connected.

Your house should be able to keep pace with your on-the-go lifestyle and Alula helps you stay connected to what's going on at home. Our system is easy to understand and use, which means more time living and less time learning.

A smarter you

Control your entire home with sensors and smart devices.

Lights, locks, thermostats, and more can all be controlled from the Alula mobile app. Set up schedules and timers and create automated sequences that enhance and simplify your lifestyle.

Intelligent access

Operate connected smart locks from the convenience of your mobile device.

✦ Automatic Security

Activate or deactivate your system automatically when you lock or unlock your door.

✦ Remote Control

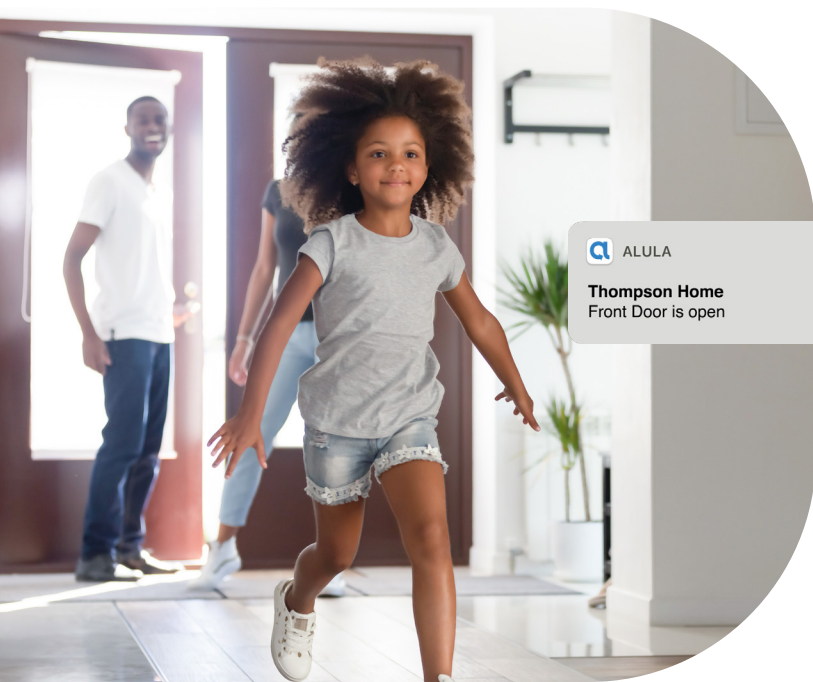

Can't remember if you locked the front door? No worries. Easily check the status and lock the door right from your phone.

✦ Virtual Access

Create access codes that can be used to grant temporary access to your home.

✦ Always Informed

Notifications when the kids get home or when that important package arrives.

Smart control

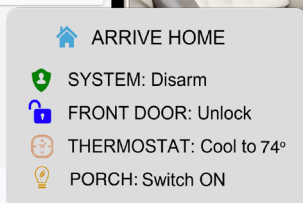

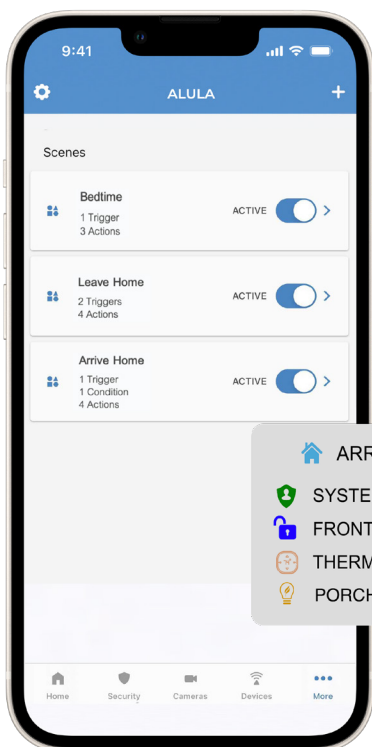

Connected devices that simplify your life.

✦ Lights

Control smart lights from your phone or touchscreen interface. Three different ways to manage: with your phone, local touchscreens, or with automated schedules.

✦ Thermostats

Need to check the temperature of the home from your lounge chair on the beach? View and control thermostats from your phone or via touchscreens that can be placed anywhere in your home.

Easy to use automated scenes allow you to change the state of multiple devices at the press of a button or by triggering a sensor.

View everything

No matter where you go, always have a window to your home. With cameras that feature live look-in, you'll be able to keep an eye on what's happening at home.

✦ Customizable

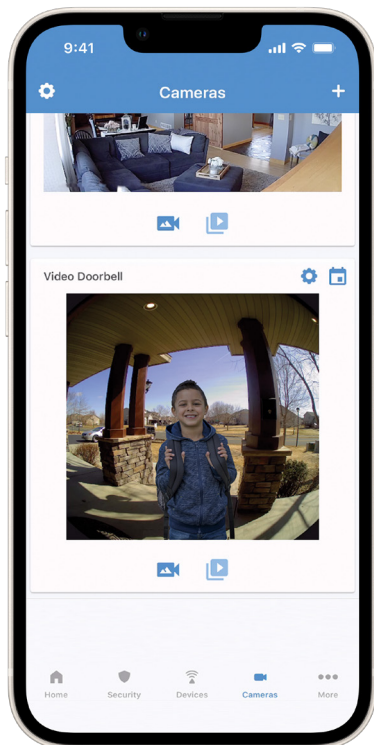

Reduce interruptions by choosing the cameras and alerts you want to see.

✦ Viewable

Real-time viewing and recorded video clips from cameras located inside and outside your home.

✦ Actionable

View and interact with visitors on your doorstep right from your phone or touchscreen.

With cameras available for your entire house, you can practically take your home with you wherever you go.

See things from anywhere.
Inside and out.

Outdoor Camera

Video Doorbell

Indoor 360 Camera

See who's at the front door with Alula's Video Doorbell. From the kids coming home from school to the delivery person dropping off a package, Alula's high-resolution cameras allow you to keep an eye on things.

Peace of mind. Always.

Keep your home safe with modern, award-winning security that's installed and monitored by professionals.

✦ **Sleep Well**

Professionally-built products that are designed to stand up to home invaders, even attempted panel destruction.

✦ **Extra Protection**

Maximize the value of your system with smart sensors that are constantly monitoring your home. From sensors that detect motion and breaking glass to sensors that monitor entry points, we offer a comprehensive suite of sensors to keep your property and family protected.

✦ **Extended Security**

Outdoor sensors increase the protection of your perimeter and can be used to alert you when potential intruders are lurking or when sensitive doors and gates have been opened.

✦ **A Professional Available 24/7**

Don't worry about missing a security event. When needed, you always have a team ready to notify police, medical, or fire personnel right away.

there is system activity.

✦ **Stay on top of water leaks. Instantly.**

Place wireless water sensors under sinks, behind toilets and at the base of water heaters to be alerted the moment water is detected. Plus, with a smart water control valve, you can shut-off the water with the push of a button on the Alula mobile app or automatically with a preset scene.

✦ **Monitor fires, smoke, and carbon monoxide.**

Carbon monoxide and smoke detectors are on-watch 24/7 whether you're home or away. Take comfort in knowing your home is being monitored by professionals who will immediately alert the appropriate local responders in the event of emergency.

Safety for the entire home

When it comes to your home and family, you can never be too safe. Entry, motion, and glass break sensors are ever present, providing peace of mind that you are fully protected.

✦ Professional Monitoring

With 24/7 emergency response, you don't have to worry about missing an important notification.

✦ Safety First

With sensors available for every part of your home, rest assured that every area of your home is being monitored.

At your command

Whether you're ready to setup your complete smart home system now or you'd like to start with the basics and add more in the future, Alula products will be ready.

Contact your local Alula dealer to learn about additional products and services.
